

2026 Katy Youth Football®

Invited Player Application

This season, Head Coaches may invite players who were not registered for a 2025 KYF® Fall Program to join their team. The maximum number of Invited Players is defined below. Please use this form to notify the league of a player invited to your team for the 2026 Fall Season. Submission of this form does not guarantee placement, it only begins the verification and validation process.

All invitations will be first verified by the Division Director. Approval by the KYF® VP Football Ops and the KYF® VP Registration is then required for an invited player to be assigned to your team.

*****This form must be completed prior to the recruiting period end! Recruiting Period Ends 7/1/2026!***

For the 2026 season: the number of returning players and roster capacity will determine the limit of available invited players per team. The Head Coach may invite players up to the roster capacity, less the number of returning players. Returning players should be encouraged to register prior to the end of the recruiting period in order to guarantee placement back to the team. Roster capacity is as follows:
